Judge Anthony has called a meeting
of the St. Francis county bar at the
court house for next Tuesday at 7
o'clock p. m., to take proper steps for
the adoption of resolutions of respect
to the memory of Judge William R.
Taylor. It is to be hoped all the at-
torneys of the bar and other citizens
will attend this meeting and show
proper respect to a good man and an
honored member of the bar.

Let Giese take your order for that
winter overcoat, right now.
Mr. T. B. Chandler presented us
this week a fine specimen of the Monte
Cristo watermelon, raised on his farm
east of town. It was certainly one of
the best and sweetest melons we ever
tasted. Mr. Chandler has raised some
splendid melons of this variety this
year, one of which was 26 inches
long, 48 inches in circumference and
weighed 55 pounds. They are superi-
or to any we have eaten from the
watermelon district south of us.

For ready mixed house and floor
paints go to Grolock's.
Mr. John Dosing, night watchman
at Flat River Station No. 2, was in Far-
mington Saturday afternoon. Mr. Dos-
ing thinks that if the other companies
of the Lead Belt would treat their men
as the Doe Run company does, they
would have no trouble. He says that
Superintendent Billings and Captain
Perry are greatly liked by the men and
they always treat the men right. Their
kindly treatment of the men, he thinks,
is largely influential in always keep-
ing them satisfied.

Rackets, Balls, etc., can be had at E.
C. Grolock's.

people, and a splendid write-up of
Carleton College, with half-tone cuts
of the building, of Miss Carleton, Pres-
ident Merceles, the old hickory cabin
where Carleton Institute was first
taught in 1854-6, and groups of
teachers and pupils of the college.
It is a creditable number and you will
be interested in it. Published by the

buyers from a distance to buy farms

SMITH, BLECK & CO.
Dr. M. H. Topping brought home
with him from his recent visit to Vir-
ginia a Turkish tortoise, a species
very rare in this country. It is a
strict vegetarian and lives on cabbage
leaves, vegetables, fruit, etc., and re-
sembles somewhat the common land
tortoise of America, though larger and
with a differently marked shell. It is
now ten years old, and the doctor says
he intends to keep it and preserve a
record of its age. Dr. Topping's
grandfather, Capt. C. W. Topping of
Old Point Comfort, Va., bought
the animal or reptile from a Turkish
vessel five years ago. The doctor
says his grandfather is now 91 years
old, and is hale and hearty for one of
his age.

mission.
The club placed \$20 at the dis-
posal of the Methodist Conference
Entertainment committee.
It was moved and carried that at
the next meeting of the club the

square and also Columbia and Lib-
erty streets be discussed.

quested to be present at the next

mington Secures Largest

of \$35,000.
The largest contract, for the build-
ing of the west wing of the disturbed

contract for the concrete conduit was
also secured by Mr. McCarthy at
\$4,180.

Ladies' Tennis Tournament.

During the last week Mrs. Genevieve
F. Logan and Miss Anna Vance
proved their superior skill at the net
and racket by defeating all comers
to the Cole and Halle tennis courts.
The tournament, which was one of
the first of its kind held in Farmington,
proved intensely interesting, both
to the participants and spectators.
The series lasted throughout the week
and was hotly contested, ending in a
final struggle between Mrs. F. S. Cole
and Miss Bernice McCormick on one
side and Mrs. Logan and Miss Vance
on the other, the latter winning by a
score of six to three and six to four.

The scores made during the series
were as follows:
Mrs. F. S. Cole and Mrs. W. T.
Halle took the first game from Miss
Virginia Conway and Miss Kate Marks
by a score of six to one and six to
naught; but their pleasure of being
victors was short-lived, for in the suc-
ceeding game it was wrested from
them by Mrs. Logan and Miss Vance
by a score of six to three and six to
four.

The third game was between Mrs.
Cole and Mrs. Halle and Mr. Cole and
Miss McCormick, the former winning
by six to two and six to four.
The fourth contest was between Miss
Conway and Miss Marks and Mrs. Lo-
gan and Miss Vance, the former going
down before the latter on a score of
six to three and six to four.
In the fifth Mrs. Cole and Miss Mc-
Cormick engaged Misses Conway and
Marks, winning from the latter by six
to three and six to two.

Then Mrs. Cole and Miss McCormick
were pitted against Mrs. Logan and
Miss Vance in a final effort to
wear the crown, but signally failed,
the game ending six to three and six
to four in favor of the latter.

Boys Another Big Farm.

Judge E. E. Swink last week
bought the old Coffman homestead
and farm in Ste. Genevieve county in
what is known as the "New Tennessee"
settlement. The farm contains 834
acres, and the homestead is a large
two-story brick building. The price
paid was \$10,000. Judge Swink's
land holdings in Ste. Genevieve county
are now in the neighborhood of 3,000
acres, as he owns several large tracts
near Ste. Genevieve and about 1500
acres on Moro Island. It is all in
good shape, and the river improve-
ments made by the government will
add several hundred acres more of
good land to his possessions, and pro-
tect his other lands from overflow.
His losses on crops by the overflow
last spring, which destroyed all his
wheat, aggregated somewhere in the
neighborhood of \$6,000 or \$7,000;
but a little thing like that doesn't dis-
courage such a man as Judge Swink—
he just goes on making improvements
and overcoming difficulties.

For Rent—A comfortable two-
story, seven-room dwelling on Col-
lege avenue. Large grounds and con-
venient out-houses. Everything in
first-class condition. Apply to W. S.
